

META SHIBA

META SHIBA (\$MSHIBA)

Voof voof! Hoomans and doges have a symbiotic relationship. As hoomans transition to the metaverse, it is important not to discard their companions. Meta Shiba (\$MSHIBA) is here to bring the best of all worlds in one place- the metaverse. \$MSHIBA is launched on the Ethereum network (ERC20- token).

\$MSHIBA is not your regular doge. This token encompasseses from different galaxies. It has been held by the likes of Captain Shiba, Saiyan Shiba, Joker Shiba just to mention a few. These legendary doges are here to pass on the powers of the metaverse to you.

“If you hold \$MSHIBA, you hold the key to the metaverse. Those who held it described it as the doge on crack” - last words of Oogway Shiba.
Meta Shiba aims to revolutionize the cryptocurrency space and metaverse through its utilities and tokenomics. Meta Shiba is developing:

MetaSwap

MetaSwap is a decentralized exchange where Meta Shiba lovers come to exchange their cryptocurrencies.

MetaTrade

MetaTrade is a charting system which brings information update live and allows Meta Shiba users to execute their cryptocurrency orders at a doge-fast speed.

MetaTreats

this is the doge world, and the rules are reversed. Humans deserve their treat for protecting their Meta Shiba. Earn great treats by staking your Meta Shiba.

MetaWallet

The meta wallet is a revolutionized wallet that will allow doge lovers to hodl their tokens.

Meta NFTs

Hold on to your doge while in the Metaverse. MSHIBA will give doge lovers the ability to hodl their Meta Shiba during their journey. Holders of MSHIBA NFTs will have the ability to name their Meta shiba, groom them and feed them to earn rewards (\$MSHIBA and NFTs).

Meta Merch

\$MSHIBA brings real world utilities by allowing hoomans to buy merchandise from the exclusive Meta Shiba Boutique.

Meta Foundation

Meta Shibas are here to promote justice and peace - be it in the metaverse or the physical world. The Meta Shiba Foundation will be donating at regular intervals to dog shelters to help provide a better lifestyle of our comrades.

WHO ARE WE?

The team consists of highly experienced Developers, Marketers and Community Managers who have banded together to create Meta Shiba. They all possess a doge pack synergy and work in a fast-paced environment to ensure that there is always progress being made in all facets of the Meta Shiba project. Here's what the pack looks like:

Captain Shiba
Development Manager

Saiyan Shiba
Project Manager

Narushiba
Community Manager

Iron Inu
Community Manager

Pikashiba
Community Manager

Joker Shiba

Executive Marketing Manager

Oogway Shiba
Advisor

This is not the first time that this pack is roaming the streets and bringing value to society. The team has worked on numerous successful projects equipping them with the knowledge and experience to make a feat out of Meta Shiba. The team has been assembled by Oogway Shiba who's been roaming the crypto streets since its inception. Oogway Shiba saw the inequalities and flaws in other projects and wanted to make a better place for the metaverse. He put this team together to create a better world.

We are all doge lovers with a strong passion for cryptocurrencies and technology. We believe we can make the metaverse a better world to be in by introducing Meta Shibas. We've been working tirelessly to push the boundaries to provide mouth watering utilities to the community of Meta Shiba lovers.

SHIBANOMICS

With the eruption of doge tokens, we are yet to see doge tokens with utility. This is where Meta Shiba comes in. Meta Shiba is here to revolutionise the doge world by bridging the gaps in the metaverse and creating utility.

Our metashibanomics is not only perfect, but it rewards all hodlers while ensuring that it is community driven with marketing funds.

Total Supply

2,000,000,000,000,000 MSHIBA
1,000,000,000,000,000 MSHIBA
will be burnt at launch.
There will be a fair launch.

Team

The Meta Shiba Team will be
hodling 1% of all the \$MSHIBA
supplied.

Redistribution

To reward all holders of
\$MSHIBA, 0.5% of all transac-
tions will be redistributed to
hodlers.

Marketing and Development

A 9% buy tax on every
purchase of \$MSHIBA and a
12% sales tax on every sale
transaction will be retained
by the \$MSHIBA team for
marketing and development
of the token.

Meta Foundation

A portion of the revenue
generated from each
transaction will be donated
on a regular basis to dog
shelters to help provide a
better place for our
comrades.

Burn

0.5% of every buy and sell
transaction will be retained
for token burn at regular
intervals

TOKEN UTILITIES

MetaSwap

MetaSwap is the native decentralized exchange of the Meta Shiba project. This easy-to-use platform will be a simple way for newcomers to buy \$MSHIBA using a multitude of wallets and the ability to buy other tokens on the platform. With future developments, users will be able to buy \$MSHIBA directly from third parties using different types of payments.

Not only will users be able to view newly listed tokens, but they will also be able to see the Top Gainers in the last 15 min, 1 hr and 24 hrs, giving users an advantage to be the first to invest into the newly listed tokens.

MetaTrade

MetaTrade is a charting system which brings information update live and allows Meta Shiba users to execute their cryptocurrency orders at a doge-fast speed. Users will be able to view their charts on the Dapp and through an integration with MetaSwap, will be able to purchase cryptocurrencies instantly.

MetaTreats

Earn great treats by staking your \$MSHIBA. Hodlers of \$MSHIBA can stake their MSHIBA in staking pools whereby they will be rewarded with high APY. They can also act as liquidity providers and be rewarded based on the amount of LP tokens that they hold.

MetaWallet

The meta wallet is a revolutionized wallet that will allow doge lovers to hodl their tokens. This wallet will initially be functional within the Meta Shiba ecosystem but with future development will be available for use across multiple platforms.

Meta NFTs

Hold on to your doge while in the Metaverse. \$MSHIBA will give doge lovers the ability to hodl their Meta Shiba during their journey. Holders of MSHIBA NFTs will have the ability to name their meta shiba, groom them and feed them to earn treats (\$MSHIBA and NFTs). Accessories and Meta food will be available for sale in the Meta Shiba Boutique. Hodlers of MSHIBA NFTs will be able to use these to groom and feed their doge. The better groomed and fed they are, the more rewards the Meta Shibas will be able to fetch.

Meta Merch

\$MSHIBA brings real world utilities by allowing hoomans to buy merchandise from the exclusive Meta Shiba Boutique. Merchandise can be bought using \$MSHIBA.

Meta Foundation

Meta Shibas love to spread love, be it in the metaverse or the physical world. The Meta Shiba Foundation will be donating regularly to dog shelters to help provide a better world for our comrades.

Meta Shiba NFT game

The multiplayer mode of the Meta Shiba game is a Play-To-Earn NFT-Based game. Players must purchase a Meta Shiba NFT character and use this character in the multiplayer game. Play-To Earn minigames within the game will allow hodlers to increase their in-game holding amount which in turn can be converted to \$MSHIBA. The game will incorporate multiple features such as player vs player where players can use their Meta Shiba NFT against other players. The attributes are based on the rarity of the NFT which are defined in the metadata of each NFT. Other features within the game will include the need to complete daily tasks amongst others.

The Meta Shiba NFT platform will allow users to check the strength level of their Meta Shiba with different traits bringing different powers. With a limited amount of Meta Shiba NFTs, Meta Shibas will become scarce which is when the in-game and on-market trading begins.
